

*So much of
our future
lies in
preserving
our past.*

-[Peter Westbrooke]-

REMEMBER THE FUTURE

The American Nudist Research Library is on a Mission

Forget the past. Don't worry about the future. Let's all just live in the present moment. Right?

Hold on. Living in the moment is a great way to relax for a naked day in the great outdoors or at your favorite nudist resort or club. As a way of life, it's problematic.

For example, replacing a Native American burial mound with another shopping center is an outrage! And what about our climate 25 years from now? So,

you see, the past, present, and future all matter, *a lot*.

Social nudism rests on this past, present, and future tripod. All three legs are required for its stability. That's why preserving nudism's cultural heritage - right now - is vital to safeguarding its longevity.

"Remembering the Future" is the work of the *American Nudist Research Library*. It's a mission so important that we're asking you to partner with us.

Remember the Future: Make Our Mission Yours.

Like you, we want social nudism to flourish for you and future generations. A crucial part of this is ensuring the world always has access to social nudism's cultural history.

Please partner with us at any level you feel comfortable. We also accept financial and relevant material donations.

If you've never visited the library, we're located on the grounds of *Cypress Cove Nudist Resort* in Kissimmee, Florida. A library volunteer will be delighted to give you a tour during operating hours or by special appointment.

Everyone is always welcome.

The American Nudist Research Library is an independent entity. We are not affiliated with any other nudist organization. Our holdings are primarily acquired from generous donors like you. We are a 501(c)3 non-profit corporation operated by volunteers, none of whom are paid – not even our Board of Directors. All support fees and financial & material donations are invested into the library's mission and are tax deductible.
