

Gaps and Possible Gaps in the ANRL Amerian Magazine Collection

This is our wish list. We welcome contributions of missing issues from individuals, or exchanges with other libraries (including club libraries). If you are not ready to part with your magazines, we are looking into the legalities of borrowing missing issues just long enough to scan them and return them.

We have two lists here. The first is issues that we definitely know we don't have. The second is little-known magazines of short duration. Do we have all that was ever printed, or are there more issues out there? Please check both lists.
