 Comment Video and Audio lack quality. It's watchable considering the age of the VHS. We have 2 videos for this performance: #644 (Fri) and #646 (Sat) The program was printed in some strange font that didn't OCR.
 Notes: VHS from Bob Poplar's archive and returned to Bob Poplar. MC: Don Collins. Director: Sharon Haggarty. Stage was setup as a nice Christmas scene. Video is more washed out than the Friday Show. Audio lacks quality. It's watchable considering the age of the VHS. A duplicate of #646. The program was printed in some strange font that didn't OCR.
