Subject: Cypress Cove Residents - ANRL Seeks New Leadership
Date: 1/10/14 at 15:14
To: [REDACTED]

Dear Residents,

American Nudist Research Library seeks new leadership

The American Nudist Research Library, ANRL, is a wonderful non-profit research library located within Cypress Cove, but operated independently. The ANRL was established to preserve the history of the social nudist movement in North America and throughout the world. The Library is enjoyed most by individuals and groups who treasure on-going nudist activities, and who wish to participate in a sincere effort to preserve the unique history of the movement.

Over the last decade, the library has been attempting to transition into the modern digital age. They have revamped their website, updated computers & software, created online backups, and begun an ambitious scanning project to preserve delicate materials from our collective nudist history.

Over that time, one of the most significant driving forces behind the library has been past President and current Secretary, Helen Fischer. Don't let the "past" part of that fool you either. Helen stepped down as president to free her up to handle the many administrative tasks that are needed day to day. Her contributions have been tremendous and vital.

Unfortunately, Helen's health has been an issue recently and she can no longer provide the time and energy that is required to manage the day to day duties of the library. This leaves a huge hole which needs to be filled to ensure to the future of the library and the continuation of their important work.

Fred Van Nest has been tasked with heading up the nominating committee. He and I agreed that it would be prudent to cast our net beyond the current ANRL membership. We have so many members and residents here who have impressive backgrounds in business and management. Our hope is that one of you would have the time and be willing to help lead the library into an even brighter, more productive future.

Helen was a workhorse. I mean that in the most flattering way, she worked tirelessly. While there is a lot of work to be done, we are hoping to find someone to lead and delegate, not do all of the work herself (or himself). We need someone with organizational and leadership skills, someone with vision, and someone with at least a basic understanding of computers and technology.

The position will be supported by existing volunteers and committees. We hope, under the new leadership, to gain even more volunteers. This is important work, but we don't expect it to be a full time job.

The next board meeting is next Friday, January 17 at 11:00 am. If you think you can help and would be willing to take on the challenge, please contact Fred Van Nest at 407-944-1043. Or if you would just like to be a volunteer, you are invited to join the meeting.

Thanks and have a great nude day!

Best regards,

Ted Hadley
