ANRL's 'Book Of The Month Recommendation' for May 2020 is 'The Cool Cottontail' by John Ball (aka Donald Johnson).
https://amzn.to/2xuKU0e
- Novel: *The Cool Cottontail* is the second Virgil Tibbs mystery series (the first being *In the Heat of the Night*). In this mystery, Tibbs finds himself at a nudist colony in Los Angeles where the victim (who was not one of the guests) is found floating dead in the pool. Set against this unusual backdrop, the guests of the resort prefer guarding their secrets to solving the murder mystery, particularly when the investigating detective is black. Author John Ball often used social issues of the day to feature as issues in his work, making his work controversial but at the same time, some of the best and most relevant fiction of his time. Along with racism and other social taboos, Ball had no problem with nudism: naked people are the least of the problems these characters face

Limited Edition The 1992-93 Collection
In the history of Pin Up no one has depicted the female form as skillfully as Olivia De Berardinis. Born in 1948, she was raised on the eastern seaboard, She began her paintings of women as a child, using her disarmingly beautiful mother as a model. "I was always amazed at the impact my mother had on men" says the artist. So began her fascination with the feminine mystique.
